

The Jack for Jill

Weed Chain-Jack

It works so easily that it's no trick at all for even the girls and children to operate it—Simply a few easy pulls on its chain lifts or lowers the heaviest car while you stand erect. Up or down—there's no labor.

To operate a Weed Chain-Jack it is not necessary to get down in a cramped, strained position and grovel in mud, grease or dust under a car to work a "handle" that is apt to fly up with unpleasant results. **To lift a car** with the Weed Chain-Jack, simply give a few easy pulls on its endless chain while you stand erect—clear from springs, tire carriers and other projections. **To lower a car** pull the chain in opposite direction.

Never gets out of order. Quickly adjusted to any required height by lifting the screw and spinning the corrugated "collar" shown in the illustration. **Try it yourself**—you will never be satisfied with any other jack.
